

WORKING WITH THE EMPEROR

Take The Emperor and all four Kings out of your deck. Place The Emperor in front of you and sit with the energy, emotion and physical sensations the imagery brings up for you. Be present and curious with what arises. Next take your four Kings placing them upside down and shuffling them, ask: *Which King can help me Embody my inner Emperor at this time?* Choose a Card. Again, sit with the King you have chosen and what the imagery evokes for you. Leave your Emperor Card and King that you drew out as anchors for the spread. Put the rest of the Kings back, Shuffle your deck and pull cards for the remaining questions.

1. A Message from The Emperor.
2. A Message from The King.
3. A Message from My Intuition.
4. How can I integrate and embody the messages from The Emperor, The King & My Intuition?
